MURPHYSBORO (IIL) July 28.

MURPHYSBORO (III.) July 28. A relief team from Duquein made its second attempt to rescue the four men entombed in a coal shaft of the Midway Coal Company, near Ward, ten miles northeast of here, tonight.

Fire originated in the bottom of the shaft, it was said. The four men were trapped after they had descended to investigate the cause of the smoke coming up The men known to be in the mine are: Supt. Milo McGown, William Forth, a pumpman; Harry Laughran, a mine foreman, and Tom Kenklelly, an inspector of the mine.

TO CLOSE ITS ROSTER

SAN FRANCISCO. July 28.—
Closing of the membership rolls of the California Almond Exchange August 15 was ordered today by the board of directors of the exchange "to protect its position in the market."

The total membership is expected to approach 3000.

Previously the exchange proved a dumping ground for crops of growers who remained outside of the organization until their last hope of selling to independent buyers was gone, today's announcement said. To eliminate this condition the board was authorized to close the membership roll "as soon as market conditions warranted."

WOOL SCHEDULE STRAT MORNING TIME Anneles T IS ASSAULTED

Thrice Winners

Senator Gooding is Called "Master Mind"

WASHINGTON, July 28.was ready for a vote on another paragraph at the finish and leaders

Senator Learoot, Republican. Wisconsin, created something of a stir early in the day by asserting that there was unintentionally concealed protection in the schedule for makers of woolen cloth while late in the day Senator Neison, Republican, Minnesota, made a vigorous attack on the wool rates in particular and the whole bill in general.

Onslaughts from the Democratic side were made by Senators Walsh, Massachusetts: Simmons, North Carolina, and Pomerene, Ohio. Cailing attention that the Finance Committee majority upon reaching the wool schedule had ceased to make appreciable cuts in rates as it had done with a number of other schedules.

"MASTER MIND"

GEO. H. PECK CO., Owners

WHY are property values in-creasing so rapidly at Ver-dugo Woodlands? Why is this the most visited spot suburban to Los Angeles? Why do experts predict that a second Hollywood will rise here in the green Verdugo hills?

Because—Verdugo Woodlands is distinctly different. It is in a class alone. There never will be anything like it hereabouts. No other suburb can duplicate the wonderful trees, the living streams, the waterfalls, shaded dells, canyons, sunkissed knolls, bridle paths, soft mountain water, high elevation, balmy atmosphere, cool summers and warm winters of Verdugo Woodlands.

Buying and building activity is running high. Thousands visit the property every week. Everyone wants to buy, and many do buy. Here is the most beautiful spot in Glendale—America's fastst-growing city. Why wait until the choicest sites are sold? Prices are still low-beautifully wooded sites for as little as \$950-on terms. And we have some select homes at moderate prices.

Get up a party and join us Sunday. Everything is free-transportation, Spanish luncheon, etc. A day of real pleasure in the historic valley of romance—among the mighty oaks and graceful sycamores. Bring the kiddies, for they're welcome here.

F. P. Newport Co., Second Floor Central Bldg., 108 West Sixth Street. Phone 60175.

"Put Money In Thy Purse"

Ten Big Gold Prizes Given Now

The ten candidates in The Times' \$70,000 campaign who turn in the highest amounts in new subscriptions during the period from July 31 to August 9, will receive extra gold prizes, in the order of their standing, as follows:

First Prise	\$200	-	Gold
Second Price	150	-	Gold
Third Prise	100	in	Gold
Fourth Prize	78	-	Gold
Fifth Prise			Gold
Sixth Prize			Gold
Seventh Prize	35	in	Gold
Eighth Prise	30	-	Gold
Ninth Prize	25	in	Gold
Teath Prise	20	-	Gold

These prizes are extra, and in no way conflict with the awarding of the regular prizes, valued at more than \$70,000, to be given away at the end of the campaign September 2.

All new subscriptions on this offer will also apply on the extra vote offer 70,000 extra votes on every \$30 worth of new subscriptions.

And See What's Coming Later!

Two Homes

A \$16,500 Home now being erected in Wilshire Creet.

An \$8000 Bungalow now under construction in West Hollywood Tract.

20 Automobiles

\$420 Lincoln	\$190
\$3695 Marmon	\$189
\$2775 National	\$185
\$2680 Stearns Knight	\$178

\$2425 Lexington Thoroughbred	\$143
\$2135 Kissel	\$136
\$1985 Oldsmobile	\$109
\$1975 Westcott	\$108
\$1945 Stephene	\$107

Sixty Other Prizes

Twenty \$150 Diamond Rings Twenty \$100 Phonograph

Twenty \$50 Gold Watches

10% Cash Commissions to Non-Prize Winners

Every candidate not receiving one of the regular prizes, who has turned in at least \$75 in new subscription payments during the campaign, will receive 10% cash commissions thereon.

Extra gold---

Extra votes---

Provide an extraordinary opportunity to be a winner in The Los Angeles Times \$70,000prize campaign.

NOW is the BEST time to enter this race forriches. A new special offer---just starting---gives you EXTRA GOLD fo earnest effort, and EXTRA
VOTES with which to win a beautiful home or an automobile when the campaign
ends in just a few weeks.

This new offer has created a sensation! Many others are starting now.
Why not YOU?

You're BOUND to Win

In the

Times' \$70,000 Prize Campaign

Every participant who hustles is sure to be well rewarded. Two Homes!
Twenty automobiles! Sixty other valuable prizes! Ten per cent cash commissions to non-prize winners! And NOW---EXTRA GOLD PRIZES, TOO!

What an opportunity to "Put money in thy purse!"

By starting now, you will receive 70,000 extra votes on each club of \$30 in new subscriptions you turn in. The regular votes are given as usual. The EXTRA votes will make victory easier. And votes are all you need to win.

Ten extra prizes of gold, aggregating \$725, will be awarded to the ten candidates who turn in the highest amounts in new subscription payments. New subscriptions apply on both offers---extra votes and extra gold. This psecial offer continues until August 9. The campaign ends September 2. Plenty of time to see all your friends, get their subscriptions to The Times, and claim one of these big prizes!

Use the nomination blank below to start.

CIAL INDEPENDENCE

.Clifford

Representatives of the Standard and other leading oil companies yesterday minimized the hopes of California motorists who have been expecting lower gasoline prices as a result of the recent cuts in crude oil. According to the general opinion of the petroleum trade gasoline will hold firm at its present level unless the crude oil market goes completely to smash.

Under ordinary circumstances, the public could reasonably expect a cut in gasoline to accompany a cut in crude, in line with the common business precept that cheaper raw materials usually mean cheaper raw materials usually cheaper raw materials usually mean cheaper finished products. In times past the Standard Oil Com-pany, which is the ultimate arbit-

DAILY TRADE TALK

Oil Men Say Gas Won't Go Down and Tell Why;

Our Welcome Guests; Business News

without refining whatsoever.

IN EXPLANATION

Thus with only 5 per cent of the crude which can be sold as gasoline, there remains a 95 per cent residuum, which must also be disposed of. Most of this residuum is fuel oil, which due to the absence of the winter heating demand and a subnormal inquiry from shipping and the industries, is at present a drug on the market. Since gasoline is the one product for which there is a big snd constantly growing demand it must therefore stand the cost of the many unavoidable by products for which there is little or no demand. A rafiner may be getting his crude oil at much cheaper prices, but until he can find a means of profitably disposing of his by-products he must rely on gasoline for his principal source of revenue. As long as that condition obtains oil men see little 'possibility of a drop in gasoline. According to H. H. Maxson, secretary of the Independent Petroleum Marketers' Association. Callfornia refineries are now working at practically full capacity without being able to meet the heavy summer gasoline demand. In addition Oklahoma casinghead gasoline is being imported for blending with lower grades of motor fuel in order to fill out the supply. Gasoline consumption's increase

quel in order to fill out the supply.

Gasoline consumption's increase this year is best shown by the figures issued by the United States Bureau of Mines on refining in California. In February stocks of gasoline were over 75,000,000 barrels and the monthly output was 43,000,000 gallons. Since that time the monthly output has been increased to 57,000,000 gallons, as was shown in the June 1 figures. Despite this increase in production stocks were reduced 20,000,000 barrels in the period from March I to June 1, as the storage figures for the latter date give only 58,000,000 barrels.

NEW YORK STOCK EXCHANGE

NEW YORK, July 28.—On broader dealings, today's stock market maintained a fairly strong tone during the first half of the session, but eased irregularly later on realizing sales of the usual week-end character.

Bentiment in trading circles obviously was encouraged by advices indicating an early termination of the rail and coal strikes. Another favorable development was the publication of additional June statements by important railway systems, which showed in general, substantial increases of net returns over the previous month and the corresponding period of last year. Buying of representative industrials seemed to be largely of technical character, that is to say covering of short contracts.

Oils manifested much of their recent uncertainty, although several of the domestic issues and Marican Pete were firm to strong. Mexican seaboard common and certificates were signis under heavy pressure undoubtedly due to sait water.

Fraternity Men Finish Tour of Inspection in South America

Four Delta Phi Epsilon investi rators of both North and Central

gators of both North and Central American harbors and shipping conditions arrived aboard the steamship Henry L. Grove of the Atlantic, Gulf and Pacific Line at Los Angeles yesterday morning. Their survey of shipping conditions will be reported to the national president of the fraternity, Dr. W. S. Culberston, vice-chairman of the United States Tariff Commission, Washington, D. C. They were greeted by three western fraternity members.

The fraternity members.

The fraternity was founded at the national capital in 1919, for the purpose of fraternalizing the educational foreign trade movement in the universities of the country. The Georgetown University school of townsers and the graduate school of business administration, and the Boston University school of business administration, are the only three institutions of higher learning in which Delta Phi Epstion has established chapters. During the coming university school year, 1922-23, the professional foreign service fraternity will expand westward by way of

OHNSON HEAPS PERSONAL **ABUSE ON OPPONENTS**

Venom and Hatred Voiced by Failing U.S. Senator Here; Still Against Peace Pact

A shadow of the old Hiram Johnson, possessing all of his former vocabularly of vehement violence, still strong with the vengeful will to strike his foes, veritably wrapped in a seething flame of hatred that made his vituperative sentences ring like hissing oaths, but lacking Johnson's former vigor and vitality and oratorical magnetism, stood on the Philharmonic Auditorium platform last night before an audience of approximately 4000 persons and heaped venomous personal abuse upon all

those who oppose his re-election.

Gone were the former physical contortions and the boxer-like menace, and remaining only was his bitter hate that broke the bounds of moderation until, even Johnson himself caught the adverse reaction from the vast crowd before him and paused to explain the hate that was in him.

He attacked Harry Chandler and the Los Angeles Times with such extravagant malignity, and returned time and time again to this that even those who were his followers, who responded with hate for hate, forgot their own intensity and relaxed—and laughed.

STILL AGAINST PACT

when he entered the audience arose and waved small flags that had been supplied. After brief speeches by Mrs. John S. Myers and Frank P. Flint, who served as chairman of the meeting, Johnson arose and everybody husbed, expecting him to speak.

Not so, for a fife and drum corps, one of its members carrying a large American flag, came marching down the aisle; then a band appeared, playing a stirring air. Then four men in uniform marched down the aisle, up on the stage, crossed the stage and disappeared.

HYMN OF HATE

Then Senator Johnson began his hymn of hate. After forty-five minutes devoted almost exclusively to remarks about himself or to vilideation of The Times and the

DENOUNCES HEARST
For instance, the San Francisco
Bulletin for November 5, 1910, reporting a speech delivered by
Hiram Johnson, candidate for
Governor, quoted Mr. Johnson as
follows: (This was before Mr.
Hearst paid Mr. Johnson about
\$10,000 for defending him for
stealing Associated Press news.)
"Just as this Examiner engaged in the assassination of
McKinley, just as it engaged
in the attempted assassination
of Gaynor, just as it engaged
in the attempt to murder
Hency, it is today engaged in
the attempt to assassinate, by
cowardly invendo, the reputation it has taken the man before you forty-four years to
build up by hosorable living
and righteous activity.
And today you find the San

Go To Church Sunday

Five Reasons Why You Should Go To Church

The church enhances the material, moral and spiritual values of the community and the nation. The church stands for the sanctity of the home and is an advocate of the public school. Through the church is disseminated the message of life—the gospel of Jesus Christ. The church teaches men the reality of God and brings them into personal experience with Him. These are some of the reasons why men should go to church.

"Bullock's for Laces"

A Slogan Earned by Value and Quality

Bulllocks

Bullock closes Saturday at one o'clock

BUILOCKS A First Floor Service That is Unusually Efficie

ne Sale of the Year

-Stress upon Prices! Variety! Quality! Three elements that form such an impressive part of "The One Sale of the Year"—

Stress upon the fact that Tuesday, August 1, will present an unusual Opportunity for Profitable Shopping.

-Stress upon thoughts one should fix in one's mind:

(1) Catalogue needs—

(2) Be keen about Values—

(3) Be discriminative regarding Quality—

(4) Remember that Clearance Standards are Bullock's Standards—

(5) Remember that thousands are waiting for

Tuesday, August 1

-Thousands are waiting because they know from former years! Others have heard! Bullock's August Clearance measures its success by the gauge of Friendship—Satisfied Customers—just as Bullock's measures its development by the self-same gauge.

-This year's Clearance will add to prestige.

—Service, Sincerity, Courtesy, Satisfaction—those things that mark a business and give it Personality—also mark Bullock's August Clearance and give it Personality.

-Tuesday, August 1, may well occupy thoughts and influence shopping plans towards profit, for there are deeper reasons than "price" (though price is at hand with tremendous appeal).

-Do your ideas concern

Fall Outfitting? Home Furnishing and Decorating? Outfitting Preparatory to the School Going of Children? Even Christmas Giving and Saving? Immediate or Future Needs?

-No matter. For so many questions this sale has its wonderful answer.

-Inspiration is plentiful! Opportunity is beckoning! And the danger of under-estimating should be guarded against!

—Remember

Tuesday, August 1—the First Day of Bullock's August Clearance

-Which for 15 years has been known as "The One Sale of the Year."

Bullocks

THE TIMES - MIRROR COMPANY HARDING PIXES THE RESPONSI-

that he has received from the people on the Southland.

Mr. Hays, too, on this occasion will be in a position to sum up the results of his investigation of conditions here as they affect the film folk and every citizen who is even in a small way a film fan—and very few here but are—will be interested in whatever he has to say.

And a galaxy of screen stars in the wonderful setting of the Hellywood Hills in addition—well, 'nuff said.

On the DEAD

On the DEAD

On the DEAD

On the Southland.

School boys and girls intellectually eligible to vote, and presumably therefore to themselves run for office the moment they receive a graduation certificate. Barrie was at least talking to young aniversity men.

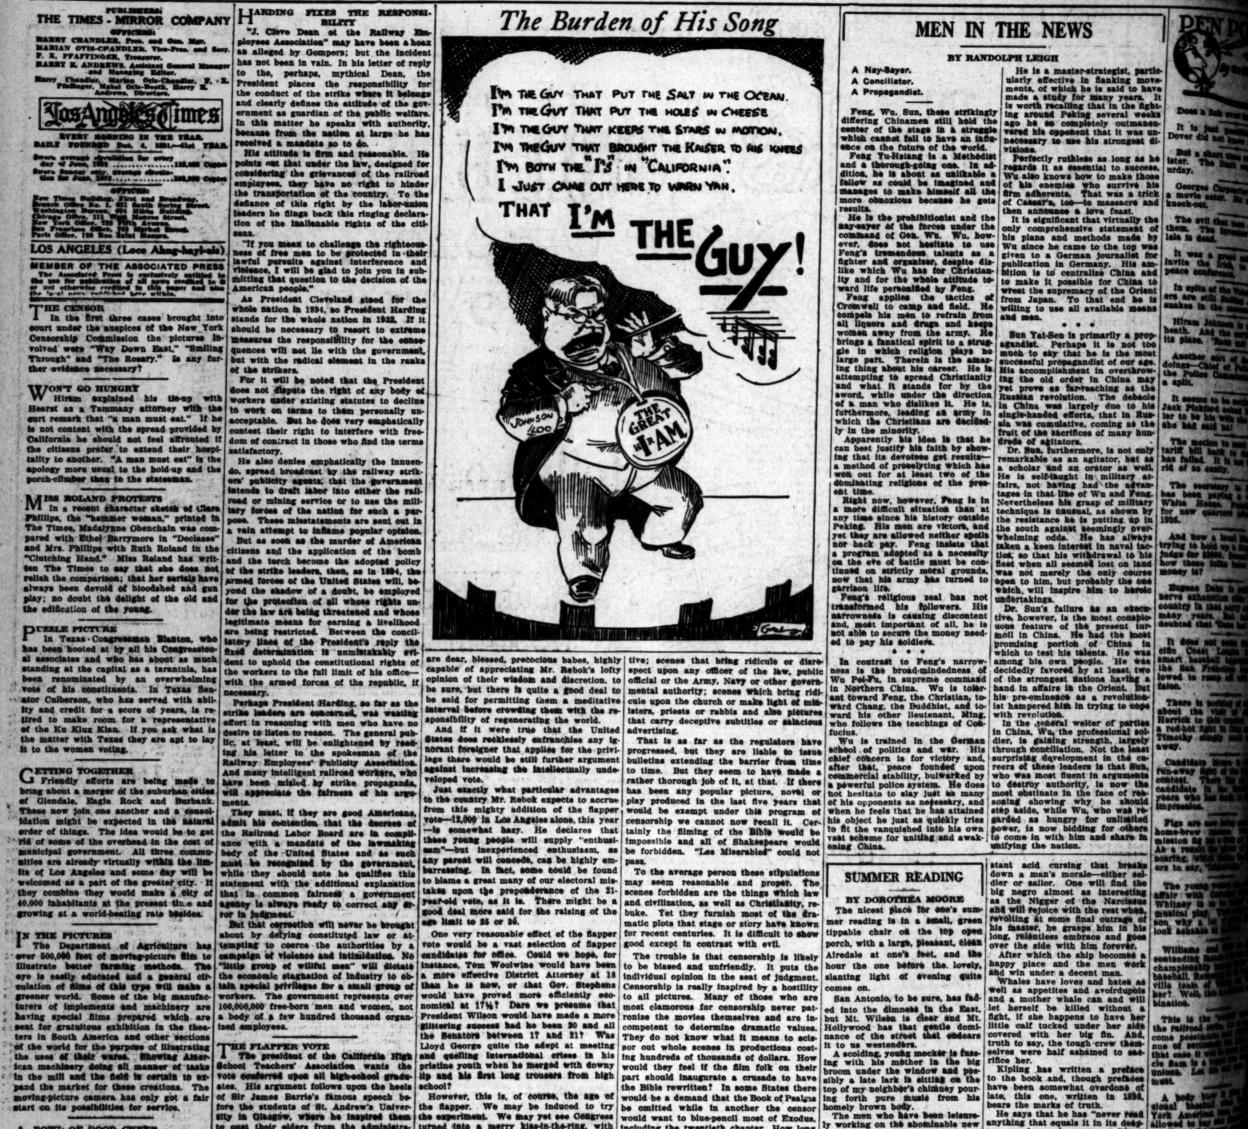

One weak point in Mr. Rebok's argument, however, is that "we endow the foreigner, without any American backing and with very feeble and limited understanding of our institutions, with all the responsibilities and privileges of citizenship, including the franchies."

This is not strictly true. The foreigner admitted to citizenship enjers that privilege only after he has lived and worked in this country for several years and only

Down at San Pedro a barbaric and unreverential steam shovel, while excavating on the site of a prospective skyscraper, dug up the bones of a man who was supposed to be Carlo Mendosa, humble servitor in the following of Juan Rodriguez Cabrillo, who anchored his caravel off San Pedro in the fall of 1542 and had some altercation with the dusky inhabitants of the country at that time. It was understood that Carlo was punctured by the indians and was plasted by his comrades before their vessel salled away. Now, after some centuries, his bones are exhumed and held up to the careless gaze of a thousand some centuries, his bones are exhumed and held up to the careless gaze of a thousand strangers. It does seem as if no man eas ever be sure of staying put. Only the other day they uncovered the remains of an Assyrian king who had been filed away in the tomb by grieving palibearers some 4000 years ago. Now they have exposed the bones of Mendota, who left a shrewish wite to find peace and rest in a new world. After sleeping nearly 400 years in the fertile soil of California his shin and shoulder bones are once more dragged into the light. It is a wonder that the coroner did not

SUGAR FULL OF ENERGY

Food Expert Declares Sweet is Easily Absorbed by Body and Furnished "Steam" for Work

Those of us who recall the sense of guilt that oppressed us if we exceeded our war-time sugar ration realize as we never did prior to 1914 how much we depend on sugar to make the wheels of our lives go round.

True, we enjoy the taste of sugar, but even the man in the street whe has no time for research in dietetics, knows that sugar furnishes real "steam" for those busy engines we call our bodies.

Bo full of "energy" is sugar, and so quickly absorbed is that energy, that we feel, almost instantly, actual stimulation from even a few ounces. Our French friends realisa this, perhaps, better than we do, and to quote the brilliant evenings" ever held were those where "au sucree," or simple sweetened water, was the only refreshment. Now as most, writers on the subject point out, when we say "sugar" we are apt to mean the granulated sugar made from sugar cane. Ever since the shortage of this commodity, however, people have shown an increasing interest in the problem of obtaining palatable sugars from other sources.

MANY FORMS OF SUGAR Chemically there are numerous when he were not oncer the measure of the different sugars, we pass on to maltose, or malt sugar. When breweries were no longer when here is a short age of cane sugar it isn't so very sary after all for as everybody knows, this is the land of corn. Fruit sugar is another form, although this is not a commercial roft sugar and is very abundant in honey and is very abun

cane. Ever since the shortage of this commodity, however, people have shown an increasing interest in the problem of obtaining palatable sugars from other sources.

MANY FORMS OF SUGAR Chemically there are numerous forms of sugars, all called "carbohydrates," and all having a chemical kinship with the various members of the starch group. The layman is chiefly concerned, however, with knowing whether we are solely dependent on the granulated sugar of commerce, or whether there are other possible forms that might be developed to sweeten an American holiday or lighten an american woring ar may be had for the eating in vegetables, fruits, in honey or molasses.

In brownish powder we find it on prunes or on raisins and in honey, when it sugars out. In the body all other sugars must be changed to dextrose, since this is the only form of sugar that gar, therefore, plays an important place in cont of the total solids. This sugar, therefore, plays an important part in animal nutrition.

The chemical properties of sugars form another story which can be burned in animal tissues. will be told another time.

GOOD TEETH DEPEND ON

Mineral Salts Which Form Molars Found in Milk, Fruits and Vegetables

How many of us realize that sound teeth are very dependent on the food we est?

Valuable mineral salts, without which strong teeth and firm bones are impossible may be found in fresh milk and in various fruits and vegetables, as well as in whole grains.

Teach the children that potatoes and tomatoes, cauliflower and cabbage, string beans and carrots, all help to give them good teeth.

Among the fruits which contribute to firm molars and cuspids are apples, grapes, raisins, dates and oranges.

Just a word of caution about the use and preparation of some of these foods.

Cabbage should be eaten shredded raw (except for little children) or creamed or escalloped, not fried.

Potatoes are best baked or plain builed or creamed.

Tomatoes may be sliced raw, when they serve also as a vehicle for the wholesome olive oil; or they may be baked or stawed or scalloped with bread crumbs.

As the fruits they should be absolutely ripe. The dried varieties such as raisins or dates may well be steamed and strained and made into marmalade, in the case of dates, while raisins make a wholesome and delicious sauce if stawed and served for breakfast or at dinner as a dessert.

These precautionary words are added because of the fact that carcless or improper preparation of an awersage portion retails for about 6½ cents. Comparing prices on the basis of the energy value being rich in fat, as well as in ash.

According to Prof. M. E. Jaffa of the University of California ripe olives have nearly twice the quantity of fat as is contained in the green. Ripe olives are sconomical as they pack under to a pound and an average portion retails for about 6½ cents. Comparing prices on the basis of the energy content on certain other foods we find that this sum, 6½ cents buys on the food of the food we find that this sum, 6½ cents buys on the food of the food we find that this sum, 6½ cents buys on the food of the foo

OUR FOOD RIPE OLIVES USED FOR HOT DISHES

Fruit True Appetizer With

about 6% centa. Comparing prices on the basis of the energy content on certain other foods we find that this sum, 6% cents buys 138 calories of energy if spent for ripe olives, sixty-three calories if spent for eggs, 110 for fowl and 209 for round steak.

FERMENTED MILKS ARE **GOOD FOOD**

Buttermilk Contains Acid Which Doctors Regard as Salutary to Body

The word "fermentation" has more than one application. Used in relation to buttermilk or other fermented milks, it implies that the nilk has developed an entirely harmless micro-organism which gives a pleasant flavor and at the same time acts as a temporary preservative. The product resulting from this fermentation is called lactic acid.

Buttermilk, as every one known is a by-product of butter-making. In the early days of the dairy industry, all the processes were carried on in one plant but in our present-day complicated industrial lifes butter-making and the distribution of milk are usually two separate industries. This means that much of our "buttermilk" is really skimmed or whole milk, as the case may be, to which has been added a ferment.

Some authorities find that the casein or curd of fermented milk is so finely divided as to be particularly easy to digest. Moreover, the lactic acid bacteria developed in the process of fermentation are thought to exercise a destructive action on other organisms, especially those causing putrefaction in the intestines. This latter point is open to question.

At all events, fermented milk is an easily digested beverage and to most persons pleasant to the taste. In some forms of gastric disturbance, buttermilk on the advice of your physician or as part of a carefully chosen mixed diet. In other words, ide not make a fad of an otherwise valuable food.

ANNEXATION IS OPPOSED IN VENICE

Chamber of Commerce in Opposition to Joining With Los Angeles

The seaside city of Venice, brough its Chamber of Commerce, declares that it does not want to

It declares that the citizens of the beach city have been "unnecessarily embarrassed" by published assertions of a desire for annexation. It adds:

"Such agitation can only serve to mislead the public into believing that the people of Venice are incapable of self-government and are in dire need of political guardianship. Furthermore it must affect public confidence in Venice, depress property values and deter desirable citizens from locating here or from coming here for rest and recreation."

That annexation may be constituted in the center of an argument in th

That annexation may be considered in the future, however, was admitted in the statement. As soon as the Chamber of Commerce has been reorganized, that body will look into the question and take counsel with various municipal and other experts. In this investigation "all citizens of Venice will have a fair and equal chance to be heard and to compose their views," and then the matter is to be placed before the electroats for simon-pure balloting.

Meanwhile Venetians have been asked to retrain from signing any annexation petitions.

Santa Monica Council Favors Consolidation

BANTA MONICA, July 28.—The Banta Monica City Commissioners today, by a unanimous vote, placed teday, by a unanimous vote, placed themselves on record as favoring the consolidation of Venice with Santa Monica. The action was taken soon after John Stein of Venice, a leader in the consolidation movement, filed with the commission a notice of intention to circulate a petition calling for consolidation.

circulate a petition calling for consolidation.

The resolution adopted was as
follows:

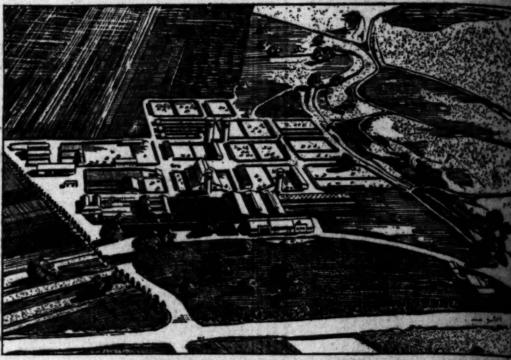

"Whereas, on the 28th day
of June, 1922, John Stein and
four others, all of Venice, and
qualified electors therein, did file
a notice of intention to circulate
and file a petition in the city of
Venice, asking for the consolidation of the city of Venice with the
city of Santa Monica, and it appearing from the said notice of intention that the city of Santa
Monica has a greater population
then the city of Venice, and
Whereas, that notice was filed
in conformity with the law in such
case.

Now therefore the Council of

in conformity with the law in such case.

Now therefore, the Council of the city of Santa Monica, acknowledges receipt of said notice heretofore mentioned and hereby orders the same filed as an official record and does thereby express its approval, as the Council of the city of Santa Monica, of the expressed intention of the petitioners giving said notice to circulate said petition for the consolidation of the two cities.

was addressing the jury in behalf of Madalynne it is reported that Mr. Kennedy made threats against the attorney. Mr. Rush, it is understood, was warned at the time. Then Mr. Kennedy became the center of an argument in the corridors outside the court-room

corridors outside the court-room and was led away by Charles Reimer.

No word came from the jury last evening until Judge Shenk prepared to go home. The jurors had remained incomunicado throughout the afternoon, and last evening when the court notified them that he was leaving, they sent word that there was no hope of an agreement at that time.

They had been specifically in-

DAILY DOT PUZZLE

KEYES DISPASSIONATE

A strenuous effort was made at the opening of the deliberations tary of the Glendale Chamber of Commerce, as foreman. As the jury filed out of the box, one member called softly to another:

"Make it Rhodes."

This, together with other indications coming from the jurors from time to time during the trial, and coupled with the possibility that M. E. Paddock of Long Beach, as a candidate for foreman, caused considerable speculation concerning the possible leader.

Dep. Dist.-Atty. Reyes after what is said to be one of the finest addresses of his career, submitted the case to the jurors and they filed out. Contrary to custom, the jurors will not be kept at a downtown hotel while deliberating. Two rooms over the court-room have been fitted up with cots and the jurors will sleep in the Hall of Justice.

KEYES DISPASSIONATE thirsty

Costly Jewels REVIVALO

Justice.

KEYES DISPASSIONATE

Mr. Keyes's final words to the jurors were dispassionate. He asked them only to do their duty and follow the cath they took when they became jurors. He asked them only to consider the evidence and not be guided by pity or sympathy.

Mrs. Obenchain is accused with Arthur C. Burch of killing Kennedy on August 5 last, as he stood on the step of his summer cottage in Beverly Glen. Mrs. Obenchain was the only witness to the shooting and she teld a story a few minutes after the slaying of seeing two roughly dressed men flee through the trees a second after the shots were fired.

The next day she was arrested and was later indicted by the Grand Jury. Burch was taken off a Union Facific train at Las Vegas, Nev., and brought back here. Both he and Mrs. Obenchain have maintained an absolute silence since their arrests except the statements made on the witness stand.

Burch was tried twice and both times the jury disagreed, the first time standing 10 to 2 for conviction at time of discharge, the last time voting 7 to 5 for acquittal. In Mrs. Obenchain's former trial, the jury stood 9 to 3 for conviction at time of discharge, the last time voting 7 to 5 for acquittal. In Mrs. Obenchain's former trial, the jury stood 9 to 3 for conviction.

And the reward that comes as the result of it is rich indeed.

New candidates continue to enter every day, and those who have just begun are now busily angaged in striving for the votes that are to determine the winners of the \$16,500, the \$3000 bungalow, and twenty automobiles at the end of the campaign, September 3, next.

FORTUNE LURES

The call of fortune was never so appealing as now. While a magnificent array of costly prizes await the candidates at the end of the campaign, the next few days will pave the way to attain these awards. At the same time added reward in the shape of \$725 is possible for the candidates. This sum will be divided into ten prizes as follows: First prize, \$200; second prize, \$150; third prize, \$100; fourth. \$75; fifth. \$50; sixth, \$40; seventh, \$35; eighth, \$30; ninth \$25, and tenth, \$20—all in bright, shining gold pieces. These prizes will be awarded in their numerical order, beginning with the first prize of \$200, which will go to the candidate bringing in the largest sum of money in new subscriptions between the \$1st inst., and August \$, next, at \$ p.m.; the second prize of \$150 to the candidate bringing in the next largest sum of money and so on, down the list.

This sum of \$725, divided into.

Iist.

This sum of \$725, divided into ten prises, is in addition to the regular prises, and in no way conflicts with their awarding on September 2, next.

All new subscriptions count on the double offer. It is short and awest. It lasts only until August

"Wet" and "Dry" Spots AS SHOWN BY THE "Digest's" Poll of the Nation

Have You Voted Yet?

In this week's "Digest" (July 29th) there is a summary of 357,600 ballots in the poll of 10,000,000 men and women in every State of the Union which THE LITERARY DIGEST is conducting on the subjects of Prohibition and the Soldiers' Bonus. There is also a statement from Mr. Wheeler, General Counsel and Legislative Superintendent of the Anti-Saloon League, and communications from representatives of organizations in favor of a modification of the present liquor law.

Never before outside of a general election has such an extensive poll been conducted. In addition to the thousands of ballots being received daily, letters are pouring in from all sections. By a secret process these ballots are proof against forgery and the most careful precautions have been

taken against fraud of any kind, so that when the final tabulations are given they will reflect accurately public sentiment upon these two burning issues. These ballots have been sent, by mail, to more than 10,000,000 men and women, representing practically every profession and industry in the country. In addition, the poll will be extended so as to include large industrial concerns—the result of a poll in the Edison plant is shown this week.

The balloting will be continued throughout the summer and reported weekly in "The Digest." Don't fail to get this week's number and study the returns.

If you have received one of these ballots be sure to mark and return it immediately so that your vote may be recorded.

"COUNTRY OF THE BLIND" forest fire on Cuesta grada, in the northern end of the Santa Barbara forest is giving anxiety to the local forestry office. Telephone messages received at the office late today indicated that the fire was beyond control, and was threatening to sweep the entire Ban Luis Obispo watershed.

The fire is aid to have originated from coals scattered by a steam shovel in use in the highway work now under way on Cuesta grada. The workmen extinguished the first fire but, smouldering undiscovered by the men, is believed to have burst into a blaze after they had left.

Robert Desring and E. I. Kotok, supervisor of that district and forest expert, respectively, have gone north to take charge of the grant of the dry brush over the watershed at this time, the fire is said to offer unusual problems.

CLEVELAND (O.) July 25.

Philadelphia continued its heavy hitting today and defeated Cleveland, 12 to 3. The Athletics knocked Morton from the box in the fifth inning for the second time during the series. With the game apparently lost, Manager Epeaker replaced every man on the team except Jamieson, J. Sswell and Lindsey. The score:

FELLADELPHIA CLEVELAND CLEVELA

Bob Connery, scout of the New York Tankees, declares that the days of paying \$50,000, \$100,000 and things like that for minor leaguers are events of the dark past.

Bays he was impressed favorably with certain Pacific Coast League youngsters, but such exprbitant figures were named by the owners that he could not talk business. Plan of majors apparently to combat the high cost of ball players is to gather a large number of cellegians and other young players unto themselves. develon them

"It has reached a point where it is practically impossible to do business," declared Connery. "Why, they are asking \$50,000 and over for players who have yet to prove that they are of real Class AA caliber, and these are a gamble at best. At that rate, it would cost around \$1,000,000 to build up a major league club. Big leagues can't stand the

Still, we opine that real minor-league stars will continue to bring big figures. Show the big fellows something really good and we can't imagine them not falling over each other in their mad rush to get under the auctioneer's hammer.

Majors claim that minors are now run too expensively, and would off-set this through sale of players at top-heavy prices. Club owners tell me that salaries in the P.C.L. have practically doubled within three years. Just happened like a lot of other things after the war. Bushers, they say, won't talk business if an owner speaks lower than \$300 a

ships are attributed to loss of 20 per cent formerly paid by Oaks for playing at Recreation Park, and likewise extra money derived from con-

best minor league town in the country today. For years it was rated as a major league city in a minor circuit. As far as known, Portland, Seattle, Salt Lake and Sacramento are not nor ever have received 20 pe DETROIT, July 28. — Detroit bunched hits off Francis in the lixth inning after two were out, tooring five runs and defeating Washington 6 to 3. Six Tigers in succession hit safely, Blue driving he ball over the fence with two unners on bases.

Seattle, Sait Lake and Sacramento are not nor ever-have received 20 per cent rental or any other sort of side money, and yet they manage to stick around in the league from season to season. They may have had losing seasons, but if so, kept it a secret. Nothing would suit me better than to feel deeply sorry for San Francisco, for I sure like that town, and yet can find nothing in the situation to work on my symunors on bases.

Bob Connery was the most amazed baseball man in these United States last Sunday when he saw fans turning away from the turnstile

in droves because they were unable to obtain grand-stand seats.

"Bleachers are about a thing of the past," he declared. "Even in the little Class C leagues you find the parks running almost entirely to covered stands. Not only that, but they are getting practically major

player, according to a letter received by President Joe Patrick from Owner William Wrigley, Jr. His development along major league standards was even greater than that of "Twin Six" Statz, according to this letter, which is another upset of the dope. While Miller is hitting well, his fielding seems to be the more sensational feature of his work, and the fans back there are still talking about a certain catch he made off the fence. How do you figure these things? At times on the Coast, Hack seemed almost hopeless as a fielder. And in the winter league he could neither hit nor field worth mentioning. Probably he needed the major league atmosphere.

Thought those remarks about records and near-records would bring them to the surface, and here they come. Recently we stated that noth-ing to date had been presented to prove that fourteen straight by the Los Angeles club was not a league record. Old-timers aver that the

Angels have even a better mark.

"About eighteen or twenty years ago," writes John M. Lang, of Glendale, "the Los Angeles team opened the season by winning sixteen straight. Finally, the San Francisco team with Jimmy Whalen ching, broke the streak."

This from another signing himself "An Old-Time Fan:" "About 1902 or 1903, I think it was, although not sure on that point, Los Angeles won its first fifteen games. The league then consisted of San Francisco, Sacramento, Tacoma, Los Angeles, Portland and Oakland, if I am not mistaken."

IT S 19 28 13 Totals 28 4 10 30 13 tent of one game, yet it is apparent that something of the sort must have happened. Some years before my time as a baseball writer, but as for large in minth.

as a rule the memory of the real fan is to be trusted on these points.

well. 1 0 0 0 0 0 games for the Greater Southern laws, 2 1 1 0 0 California Baseball Association

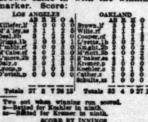

OAKLAND, July 28. — Most of the excitement of a closely fought game occurred in the ninth inning today when Los Angeles forged ahead of Oakland, only to have the latter win out in its half, taking the contest 4-3. Oakland SEMI-PRO

Idea after scoring two runs in the third. When the last inning arrived Los Angeles took a brace. It had annexed one marker in the sixth and needed only two to win.

McAuley was hit by a pitched ball to start it off and Deal singled. The start is off and Deal singled. Greater Southern California Baseball Association
Nines Collide Tomorrow
Joe Pirrone, who is booking the rames for the Greater Southern California Baseball Association thill that body gets on its feet, has lined up eleven semipronames to be played in or near on Angeles.
One of the most important tames to come off will be the shibition game between the Los angeles Post No. 3 of the American Legion and Cobb's Glendale

Mad annexed one marker in the sixth and needed only two to win. McAuley was hit by a pitched ball to start it off and Deal singled Griggs sacrificed, and a mescing the patched ball to start it off and Deal singled Griggs sacrificed, and a sacrifice fly by Twombly scored McAuley, McCabe then brought Deal in with a single. This was the end of the scoring, but Los Angeles are fully and Schulte, called in as a blinch hitter, falled. Brown walked and Wille singled scoring Brubaker. Then Cooper walked and Dumovich repleced Lyons in the box Lafayette greeted him with a Texas Leaguer and Brown came in with the winning marker. Score:

Pittsburg Humbled by Dodgers by 3-to-2 Count

NEW YORK, July 28. Giants made it four out of five from St. Louis today by dividing a double-header with the Cardinal double-header with the Cardinala. The champions continued their heavy hitting in the first game, knocking Dock out of the box, again and winning, \$ to 4. Haines pitched St. Louisto a 4-3 victory in the second game but had a narrow escape in the ninth when the Giants scored all their runs after two were out. Rogers Hornsby hit his twenty-seven homer of the season in the eighth inning of the first game, tying the National

BOSTON, July 28.—Percy Jones
of Chicago held the Braves to five
hits today and Chicago shut our
Boston, 9 to 0. The hitting and
felding of Terry featured, while
Hollocher's work in the field cut
off several possible runs for the
Braves. Score:

of the Ninth section Hollscher, Priber Boths part Hollscher to Berry to Harder Hollscher to Barry Hollscher PIRATES SLIP

BROOKLIN, July 28.—Brook-BROOKLIN, July 28.—Brook-to 2. Carey stole four bases but could not score. Deberry's timely double in the seventh won for the Dodgers. Score:

CINCY WINS

[BY A F. NIGHT WIRE.]

PHILADELPHIA. July 28.—
Cincinnati batted Singleton and Wigners hard today and won from Philadelphia, 11 to 7.

Cliff Lee, the locals' first baseman, made two home runs, giving him five for the series. Cy Williams hit his aixteenth circuit smash of the season in the eighth. The score:

STANDING. OF THE CLUBS

This question was put to C. E. Leebold—who is making the trip from Florida to

San Francisco, on Coast Cords—by a chaffeur who had just made the same journey, and who added: "My boss had

to buy two new tires before we got out of Tennessee and I don't believe there are

any tires made that will look like those af-ter going over those roads." Mr. Leebold assured him that the tires had not only

covered the roads, but had Miami air in all four tires. He writes us that they are

good for many thousands of miles yet, and he hopes to land in San Francisco without a single change.

This is just one more proof of the quality of

WEAR DEFIERS

Coast Tires are not CHEAP. It costs money to produce tires of this quality, but they give real service, are reliable and durable, and are therefore a <u>truly economical tire</u>.

concert rose to a magnificence farexceeding any preceding it, and
drew a throng that filled the seats
high up the hillaide of the openair amphitheater. Estimates
place the total number of persons
at 6000 to 7000, the largest audience that has assembled for the
festival of summer music to date.

Mr. Herts has been lung distinguished in this country for the
superiority of his Wagner interpretations. His experience at the
Metropolitan during the height of
Wagner's popularity has given him
a singular authority, and his work
represents an ideal to those who
have adhered to the Wagnerian
tradition.

The quality of the Heris ren-

time, has seen understudying the bee, though she admina in eithe bee, though she admina in eithe bee, though she admina in eithe bee, though she admina in either place received, that she has been having a pleasant time visiting having a pleasant time visiting the beautiful program he presented last night. Each number from the opening in that the picture star is now grooming hereeff for vaudeville. Jack Lait has written a sketch for her, and she has signed for the Kisth circuit, starting out about September 1. Later she expects to come West on the Orpheum time.

Miss Saunders, who in private life is Mrs. Horkesmer, has therefore, where he is to play an engagement at the Mayo Brea. Hory pital before proceeding young centieman is now en route to Rochester, where he is to play an engagement at the Mayo Brea. Hory pital before proceeding the produced next fall.

In other words, Mr. Eltings is to understood that the second operation is necessary due to his not having taken proper care of himself following that in which her had his appendix removed the had his appendix removed by the had his appendix removed the first of the Halperin Productions entitled. "What Do We Live For?" was previewed yesterday. The story was by Victor Halperin, and direction by Lloyd Ingraham.

The picture is noteworthy as reintroducing Carmel Myers to the swond who loves her as husbands do, but not as lowers, who broods in secret over her words and the results out for sample henors, which she would be sure to win.

As the impulsive young wife, wedded to the husband who loves her as husbands do, but not as lowers, who broods in secret over her as husbands do, but not as lowers, who broods in secret over her as husbands do, but not as lowers, who broods in secret over her as husbands do, but not as lowers, who broods in secret over her as husbands do, but not as lowers, who broods in secret over her as husbands do, but not as lowers, who broods in secret over her as husbands do, but not as lowers, who broods in secret over the secretary for whi
